Blue Mountains FRUIT and NUT TREE NETWORK

Our network promotes fruit and nut growing in the Blue Mountains by sharing our experiences, skills and surplus produce. We also collect useful data on what is growing well where, how and why.

Please fill out this form if you have useful information to add to our database or if you would like to be placed on our e-list for notification of activities etc.

Your name: _____

Your township (include north or south etc.): _____

Email address: _____

Phone number: _____

Please circle points relevant to you and fill out responses below.

1. Please add me to the Fruit and Nut Tree Network e-list.

2. What kinds of fruit and/or nut trees/plants are you growing successfully? Add any points you think relevant about their age or ways you care for them.
