**Low maintenance**

## SPECIAL OFFER FOR GLENBROOK RESIDENTS

This MOUNTAIN LIVING course has been specifically designed for and offered to residents around Glenbrook Lagoon.

Your neighbourhood is a valuable environment, with important natural features.

Lots of work is being done to improve the biodiversity of the wetland and increase public amenity and recreational opportunities.

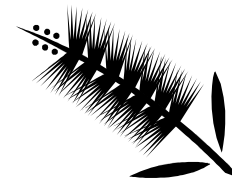

Local volunteers have formed a Bushcare group, aquatic weeds have been removed and stormwater quality is being improved before it enters the Lagoon.

You can help with this great work by the way you manage your property.

Come and find out how  
at this FREE course.

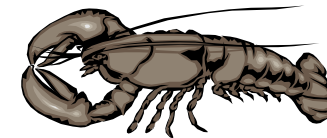

**Environment Levy**

**Healthy for family  
and catchment**

**Bush friendly  
gardens**

**Look after  
your lagoon**

**Weed control**

**\$\$ saving**

**Get a Free compost bin
